NEW ALBANY, IND.:

1871.

PREFACE.

WE present to our patrons the NEW ALBANY DIRECTORY for 1871-2, believing it will be found a correct and reliable guide to the Business Houses, Offices, Residences and Public Places of the City. The canvass to collect the information contained in the Work was superintended by H. THORNTON BENNETT, Esq., whose reputation as an experienced, energetic and reliable compiler is not surpassed by any one engaged in the business. Every means that a long experience as publishers could suggest, was used to prevent errors and the omission of the name of any inhabitant, and no labor or expense was spared by us in our endeavor to present to the citizens of New Albany a Directory, as perfect as a work of the kind can possibly be made. We trust that an examination of the Directory will prove that we have not expended our labor in vain.

The Work embraces a General Directory, giving a full List of the Names, Business Pursuits, and Locations of the inhabitants of the City of New Albany; a complete Business Directory, containing the Name of each Person and Firm engaged in Business in the City; with a City Guide, giving the Names and Locations of all Churches, Societies, Banks, and other Institutions and Public Places, &c.; together with a new United States Post Office Directory, containing the Name and Location of every Post Office in the United States and Territories, arranged alphabetically, and corrected up to date.

We return our thanks to the merchants and business men of New Albany, for the patronage extended to the Work, and to the Press for the many flattering notices given us as publishers, and renew our promise to the public to faithfully labor to make each succeeding Issue of our Directory more worthy of commendation and patronage.
